**Subject:** Tuomey Hospital claims data

Hi Jonathan: I trust you were able to open the zip file containing the Medicaid data. If not, please let me know and I will send you another copy of disk 10-0001 that we've checked.

Along these lines, the United States' Interrogatory Nos. 6-8 sought claims data from Tuomey Hospital. Tuomey's responses to these interrogatories reference "Schedules 6 and 7." We are unable to locate those schedules in the production. Have they been provided? If not, when will you provide them?

Thanks.

Tracy
